

DOOSAN

Doosan Palletizing System

Optimized solution for a palletizing application

Doosan Palletizing Solution

1 Doosan Collaborative Robot (H-SERIES)

- Max. 25 kg Payload
- Max. 1.7m Reach

2 Light weight vacuum gripper

- Composed multiple no. of vacuum pads
- Weight of gripper: 3kg (approx.)

3 Doosan Dress Pack

- Arrange harness, connected to tool
- Doosan's official accessories

4 PC

- Touchable PC (Win OS.)
- Built-in SW for palletizing application

5 Lift System

- Servo actuator lift system

6 Radar Sensor

- Installed to 3 directions
- Detect range for safety (Up & Down, Left & Right)

7 Wheels for mobility

- Easy to install for a various location

Why Doosan Palletizing Solution?

Easy · Fast

- Setting a task just input the basic information
- Easy setting with intuitive SW for beginner (within 10min.)

Space Saving

- Install without a fence with collaborative robot solution
- Movable freely for a required location

Economical solution

- Basic composition including all components (robot, tool, safety device and SW)
- Realizing fast ROI with price competitiveness

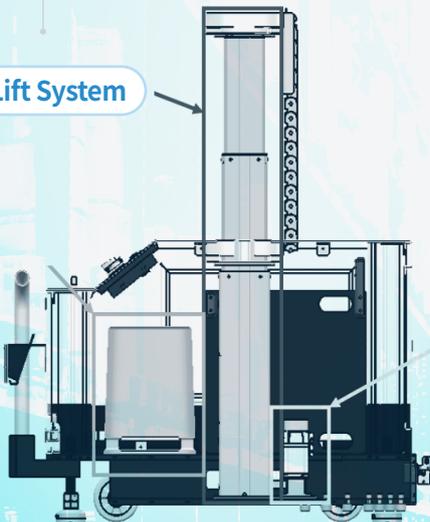

Improved Productivity

- Max payload 25kg (Using Lightweight gripper, handling up to 22kg)
- Max load Reach 2.2m
*Lift and gripper customizable

Safe Solution

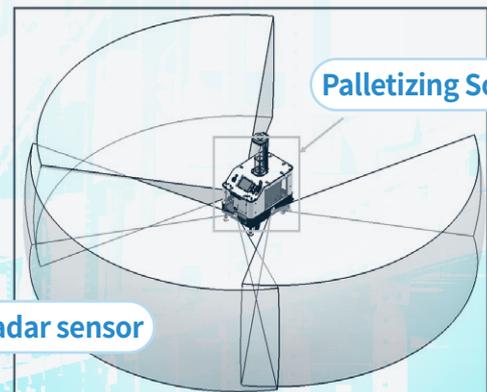

- Collaborative robot with the highest level of functional safety (Cat 4, PLe)
- Set safe zone with built-in radar sensor

Specification

Doosan Collaborative Robot(H-SERIES)

H2017 20kg Payload, 1700mm Reach **H2515** 25kg Payload, 1500mm Reach

Repeatability ±0.1 mm

Built-in high resolution torque sensor to all axis for usability and safety

Highest grade of Functional safety (Cat4, PLe)

Basic composition Robot Arm, Controller, Teach Pendant

System(Base)

Size	650 x 1400 x 865 mm		
Power Supply	110V ~ 220V, 50~60Hz, Max. 15A	Operating temperature	0 ~45°C
Weight	300kg	IP rating	54
Lift System	Applying servo-actuator lift system (Max. 0.7m)*		
Industrial communication	RS232/USB 3.0(RS422/485), TCP/IP, Modbus TCP/Modbus RTU/Ethernet/Profinet		

*Specification of lift(stroke) can be customized
